## About This Game

Big Fish Editor's Choice! This title was chosen for its high standard of quality and amazingly positive reviews from our Game Club beta testers.

The League of Light needs your help solving another exciting case! Children have been going missing in the town of Blake's Mountain in the days leading up to the fabled Red Moon. No one really knows what will happen on that night, but everyone agrees it can't be good... Strange creatures creep through the shadows, and the citizens fear for their safety. Can you uncover the secrets of Blake's Mountain and rescue the missing children in this spooky Hidden Objects Puzzle Adventure game? We believe in you, detective!

This is a special Collector's Edition release full of exclusive extras you won't find in the standard version. The Collector's Edition includes:

- Save the Healer's daughter in the bonus game!
- Find hidden owls to solve the riddles of Blake's Mountain
- Fill your achievements room, and unlock extra content!
- A comprehensive Strategy Guide

Children are disappearing in a remote village. You are sent to see if you can find the cause. And try to solve it before the Red Moon rises. Dark magicks get quite strong when that happens\u2026

Plot is decent, HO scenes are fun, minigames amusing, and the art is beautiful. Recommend getting it in the League bundle.
