fun game.. Fun game! Takes advantage of the room and keeps you moving and on your toes. Plenty of challenge to keep you trying to beat the next level.. I have sampled a lot of VR games and this one is really fun. I look forward to seeing what the dev does in the future.. It's simple, but it's fun. Sorting, actually, takes some skill, as you gotta be real quick when it comes to chopping fruits (one of the mechanics in the game). Could have some achievements for fun. Really love that it is segmented with levels. Totally recommend for its price.. Haven't played many VR games yet, but so far this was a fun game with a good mix of things to do.
